Dear Parent (s) or Guardian:

Great News!!! Terrell County School System will soon have a School Based Health Center (clinic) located in the school building at Cooper Carver Elementary School. It is our desire to be available for your children's health care needs. The clinic is a comprehensive Primary Care site which includes the following services when signing this consent form:

A SIGNED CONSENT WILL ALLOW YOUR CHILD:

- To receive Tylenol for pain and other medications/treatments.
- Treatment for illness (Strep Throat, ear infections, pink eye, influenza, ringworms) or injuries (scrapes, strains and cuts).
- Treatment for asthma attacks, etc.
- Treatment for chronic conditions such as diabetes, ADHD and asthma.
- Receive Well Child Checks (including immunizations, hearing and vision screenings)
- Receive routine School and Sports Physicals
- Receive counseling in regards to nutrition and mental health
- Receive lab Tests and other health related issues

The clinic is a part of several insurance plans including the Medicaid system which includes Well Care, Peach State, Amerigroup and PeachCare for kids. The clinic will also accept private insurance as well. Please be sure to fill in each child's name and complete all information on the attached form. Signing the consent form does not change your child's doctor but it allows the child to be seen at our School Based Health Center and if your child does not have a doctor we would love to make this your child's primary care home. If you do not have Medicaid or any type of insurance, please give us a call. You may be eligible for free or low cost insurance offered through the State of Georgia.

Your child(ren) cannot be seen without a signed consent form. Please fill out your form and return it today. We encourage you to use the School Based Health Center to address any of the issues above that your child may have in the furture.

Thanks,
School Based Health Center
